"TAMSIN HAD ALL THE  
CHILDREN BUZZING  
ABOUT WRITING!"

Tamsin is a popular, motivating and entertaining author experienced at delivering talks and workshops to young people of all ages. Her award-winning books are recommended by Book Trust and Empathy Lab and all come with free teaching resources.

## AUTHOR TALK + Q&A 1 hour 15 mins

£295

Tamsin's talks are fun, engaging and interactive, and will inspire your students to pursue their dreams...and read more books! Tamsin discusses the inspiration behind her award-winning books, her journey to becoming an author (which began at age eight!) as well as themes and issues affecting young people today: cyberbullying, mental health, body image and the double-edged power of social media. Tamsin shares her best writing tips and your students will get to hear some of Tamsin's hilarious stories (and rejections!) from her days as an aspiring writer.

Students will leave feeling inspired, empowered and best of all – keen to get reading and writing. Tamsin's talk is followed by a Q&A where students can ask their burning questions, and can include a book signing. Tamsin is happy to set a writing challenge upon request. Price includes a signed set of books.

## CREATIVE WRITING WORKSHOP 2 hours

£375

Tamsin will take students on a powerful and unforgettable journey into their imagination. Your young writers will get a unique insight into creating fictional landscapes, story mapping, characterisation and narrative hooks from an award-winning fiction writer. During the workshop, Tamsin gives feedback and advice on students' own writing, and offers her best tips for developing their own unique style. They enter Tamsin's workshop as students, but leave as writers.

Tamsin provides all resources for the workshop; students just need a pen, pencil and paper. Price includes a signed set of books. This workshop works best with a maximum of 30 students. Multiple session bookings available at a discounted rate.
